

When you create a PivotTable in a moment, you'll see the *PivotTable Fields List*. It's not just a list though, it's a more like a panel. At the top you'll see the fields from your data.

Excel looks at your data...

Date	Buyer	Type	Amount
01-Jan	Mom	Fuel	\$74
15-Jan	Mom	Food	\$235
17-Jan	Dad	Sports	\$20
21-Jan	Kelly	Books	\$125
02-Feb	Mom	Food	\$235
20-Feb	Kelly	Music	\$20
25-Feb	Kelly	Tickets	\$125

...and then lists the fields, by name, here.
